hexagonal tiles & mosaics

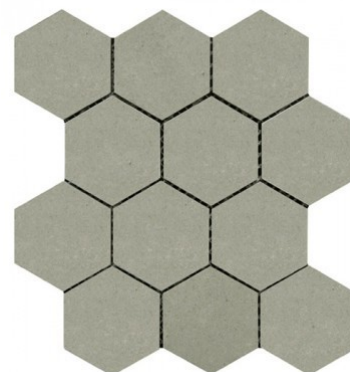

New to our [Mitchelton tile showroom](#) is the revolutionary 'Prism' floor tile series. 'Prism' expands upon our already popular Versafloor & Vesuvius porcelain floor tile range by adding a unique hexagonal shape. **Choose from large-format 600x520x10mm R10 matt-finish hexagonal tiles; or from two types of 96x83x10mm mesh-backed mosaics:** (R10 matt finish only or a 'mixed' variation of four finishes: R11 Rockstyle, R11 Flamed, R12 linen and R10 Matt all on 298x258mm sheets). 'Prism' allows you inject an angular feel to your tiling project as a distinctive departure from more standard squares & rectangles. Explore the 7 'Prism' colours below and [contact us](#) for further information.
