porcelain stackstone wall cladding

Strataclad porcelain 'stackstone' interlocking tiles are a fantastic way to create a feature wall indoors or outdoors. Unaffected by water, frost or contaminants, these stackstone-style tiles can't discolour and are graffiti resistant! With an easy-clean matt-glazed surface and an authentic stone design, they'll stay looking as good as the day they were installed well into the future. The Strataclad range is available in 3 colours: Charcoal, Autumn & Spring. Contact our Brisbane tile showroom at Mitchelton for further information.
